President and CEO Message

Small is the new big...

A year of growth, change and quality focused on young learners 

At PLASP, small is the new big. That's our story—we started 38 years ago with six programs and have not stopped growing since. Today, we're one of the largest child care operators in Canada. We've become an influential, well-respected organization from small beginnings.

The 2013-14 year is an example of that "small is the new big" approach. In one short year, we've collectively achieved extraordinary transformation and growth, unprecedented in PLASP's history. Here are a few highlights:

- Continuing to meet the need for before and after school care, we opened 36 new full-day kindergarten and 7 new school-age locations in September 2013.
- To support the growth in programs, a new organizational structure was created. Now, Regional Managers oversee Area Managers (formerly called Program Coordinators)—each responsible for a group of schools—and Program Services. Program Services staff include Manager of Curriculum, Special Needs and Relief.
- As of June 30, 2014, we employed 992 staff.
- Our [volunteer program](#) continues to expand, enabling youth to complete their 40 hours of service required for high school graduation and newcomers to gain Canadian experience. More than 1,000 volunteers contributed their time to PLASP this year. Presentations to school board settlement workers this year truly make us a community organization.
- Valuing the relationships with our partners, we work closely with the school boards and the Ministry of Education, having a significant impact on the development of Before and After School Programs for kindergarten children.
- With a strong and growing influence regionally and provincially we advocate on behalf of children. For example, PLASP completed a submission to the provincial government on the proposal to amend Regulation 262 under the Day Nurseries Act.
- Good nutrition is essential for healthy development and learning, so we continued our work with a dietician and Grocery Gateway to improve snacks and meals in programs.

We're committed to providing a seamless day, focused on meeting the needs of children and families. We know families value the fact that our programs grow with their children, from toddler to school age. No matter how large our organization becomes, our focus is small—one child, one family, at a time. That's what we see when we visit our programs.

Every one of us makes a big difference in the lives of the children we serve. I appreciate the dedication of our staff, commitment of our volunteers and trust of our families. We're honoured that again this year, we received the Readers Choice Awards in the Mississauga News, Brampton Guardian and City Parent Magazine.

Small is the new big—our learners are young and full of potential; so our vision is bold and ambitious: to be a "world class provider of high quality early learning and child care programs".

Financial Overview

PLASP continues to provide high quality, accessible programs to families at reasonable and competitive rates. 

PLASP continues to provide high quality, accessible programs to families at reasonable and competitive rates.

In 2013/2014, PLASP continued to hire additional qualified staff to support the continued growth in kindergarten and school age programs, and changes in our early learning and child care centres.

PLASP operations generated an excess of revenue over expenses in 2013/2014 of \$2,066,202. \$1,500,236 of this amount was made available through a Region of Peel Transition Operating Grant. With this additional grant, PLASP was able to add

\$1,500,000 to a Child Care Centre and Program Reserve in order to finance ongoing costs and expansions for program locations and centres. The balance of the excess of revenues over expenses was added to PLASP's Contingency Reserve. The Contingency Reserve provides PLASP with the ability to finance program expenditures for any unforeseen reason when annual net revenues are insufficient to maintain programs.
